

NEPALI OUTREACH MINISTRY

Living Water Community Church, Chicago
May and June, 2022

Dear prayer partners,

Greetings in the name of our savior, Jaimashi!

These past two months have been busy but I had a blessed time meeting in person with Nepali-speaking pastors, praying together, and sharing the joy in Christ. Our virtual training and meetings have been conducted every Thursday evening. Thank you for your continuous prayer and support.

Bible Study

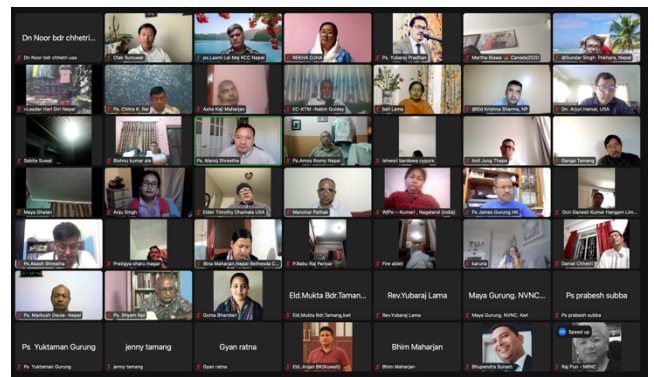

Virtual Bible study every Thursday evening became a priority commitment for several pastors. These sessions helped us to grow more familiar with each other, and understand each other's ministry and vision. Pastor Kishor shared that these virtual trainings created a desire to meet other pastors and leaders in person. The virtual platform not only helped to achieve leadership skills and Biblical knowledge, but supported a Nepali-speaking pastor's Unity Network too.

Midwest Bible Study

International Nepali-Speaking Leadership Training (INSLT)

I have been teaching about "Pacifism and Just War Theory" in the past months. I teach two sessions a month and, I am grateful for the participation and commitment of these pastors and leaders to learn and encourage each other. This is an advanced level of leadership training in the Nepali language.

International Leadership Training

Bhutanese Nepali Churches of America (BNCA) Summit

I participated the summit organized by Bhutanese-Nepali Churches of America (BNCA) on July 2-5 in Harrisburg, PA. As I have been invited to join their search committee for a new president, secretary, and treasurer, successfully we formed a new board to serve the Nepali-Speaking churches of the USA and Canada. I represented the Nepali-speaking churches of Illinois. It was wonderful to hear from the Nepali pastors how God has been moving among Nepali-speaking churches in the United States.

Midwest Mission Conference

Midwest Unity Network of Nepali-speaking churches organized a mission seminar in Minneapolis MN on June 17-18. This seminar was centered on how the Nepali-speaking churches can work with other American churches to build relationship and broaden a vision for Christ's calling beyond our own culture. We invited Nepali pastors and local American pastors who share their church buildings and resources with Nepali-speaking churches to discuss their experiences of working with each other, how their relationship and valuing each other's culture helped them to partner in the ministry.

With pastors' family at Mission Conference at Minnesota

At the wedding of Prem Sinzali at Wheaton, IL. Midwest Pastors were there to bless him on his special occasion.

Bhutanese-Nepali Churches of America summit 2022 at Harrisburg, PA.

Teaching at Akron, Ohio

Meeting with one of senior pastors of Bhutanese-Nepali church, Rev. Abraham Diyali

Midwest Churches volleyball tournament

Excited to meet in person! I have been meeting and teaching them virtually.
