

NEPALI OUTREACH MINISTRY

Living Water Community Church, Chicago
September – October, 2023

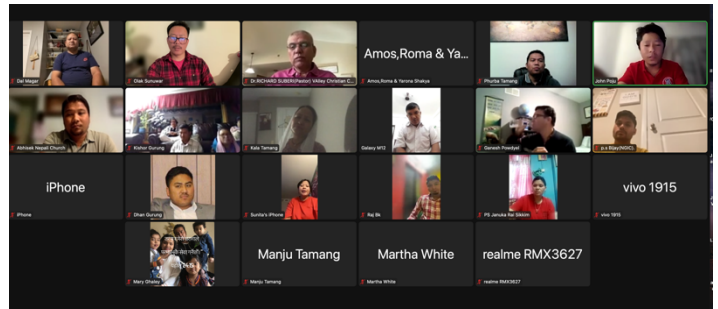

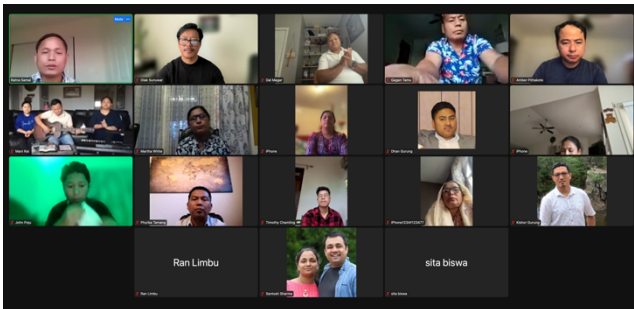

Dear prayer partners,

Greetings in the name of our savior, Jaimashi!

I hope this message finds you well. I wanted to share some heartening news that Midwest Nepali churches are not only aware of the global unrest and conflicts taking place around the world but are also actively praying for peace during these stormy times. Moreover, these compassionate congregations are also directing their prayers towards their persecuted Nepali brothers and sisters in Nepal who are facing hardships due to their unwavering faith. In this letter, I will briefly share the ministry activities from the past two months

Midwest Weekly Prayers and Bible Study

Midwest pastors and leaders have been gathering every Monday from 7 pm to 9 pm for Bible study. Our gathering begins with a prayer for global peace and the ministry of pastors, after which we study scripture together. I have been leading the study from the book of Isaiah. This dedicated group, which now includes 20 pastors and leaders, consistently participate in these meetings from a wide range of locations, including Illinois, Wisconsin, Minnesota, St. Louis, South Dakota, and Iowa. In addition, pastors from India and Nepal have also joined these meetings.

Midwest Pastor's Prayers Meeting

Midwest pastors and leaders were meeting regularly once a month to listen to each other's ministry experiences in how God is moving within the church and the community. During these meetings, we also prayed for our Nepali brothers and sisters in Sikkim, India, who were impacted by a flood and lost their loved ones and homes. The Midwest Nepali Churches generously raised approximately \$5,000 to purchase food, cooking utensils, mattresses, and blankets as support to these local church congregations.

Flood relief supported by Midwest Nepali Churches

Prayer Request

- I am going to host a leadership training on November 26, 2023, from 8 to 10 PM EST for the pastors and leaders of Bhutanese Nepalese Churches in the USA. This will be a virtual training via Zoom. Dr. Manoj Shrestha will lead us in the training. The purpose of this training is to equip leaders to develop their problem-solving skills. Please pray for this event.
- Please pray for the earthquake victims and their grieving families in Rukum and Jajarkot, Nepal. A devastating earthquake has struck this region, and sadly, it has claimed the lives of more than 170 people, leaving countless others in pain and anguish.

If you have any questions regarding any of this ministry or would like more information, please contact me (see information below). Thank you for your kind support and prayer for this ministry!
